

SMYJ Pty Ltd trading as JMP Retail - Sustainable Packaging Policy – January 1, 2025

JMP Retail is committed to developing sustainable business practices; and a long-term sustainability strategy which will formalise current and future initiatives across the business.

JMP Retail is a signatory to the Australian Packaging Covenant and is committed to helping customers meet the Australian National Packaging Targets by 2025.

JMP Retail regards “Sustainable Packaging” – as packaging that is fit-for purpose, resource-efficient, made from low impact materials and reusable or recyclable at the end of its useful life.

JMP Retail is committed to engaging its supply chain about packaging sustainability by:

1. Communicating our sustainable packaging goals and guidelines regularly with our external stakeholders.
2. Providing packaging with an optimal level of recycle content that meets the functional and safety requirements of our individual customers.
3. Requiring our suppliers to incorporate Sustainable Packaging Guidelines (or equivalent) into our procurement process.
4. Providing support to suppliers to improve their understanding of our sustainable packaging goals and strategies required here in Australia and New Zealand.
5. Collaborating with key stakeholders to share knowledge on new sustainable packaging innovations.

Statement from the General Manager

I am fully committed to the implementation of this Policy and the motivation of all our people to achieve its objectives.

Andrew Washington
